CERTIFICATE COURSE ON INFORMATION LITERACY

SYLLABUS FOR CERTIFICATE COURSE

TOTAL HOURS: 30

UNIT 1: Understand various forms and expertise of scholarship. (06 hours)

This module includes the course welcome. It also covers the concept of formal and informal information sources in an open scholarship environment (ie. alternative publishing platforms, open access, and paid/proprietary subscriptions). Students will understand the economic and political realities of disseminating information at the federal and global levels. They will also evaluate the information sources they consult for currency, relevancy, authority, accuracy, and bias.

UNIT 2: Cite scholarship to give proper attribution (06 hours)

Information has value, therefore, it must be properly cited to avoid plagiarism. Students learn how to organize their project's references, and properly employ citation conventions using citation management tools and style manuals to avoid plagiarizing. Students learn how multimedia is licensed for reuse with varying degrees of restriction using Creative Commons licensing. They learn how to provide attribution to various scholarly multimedia (images, audio records, and videos) they consult, as well as how to license their own work.

UNIT 3: Strategically explore the information landscape (06 hours)

This module covers brainstorming your initial project idea to create a compelling and manageable research statement. Students will then learn to identify keywords from the statement for purposes of searching and expand upon those words using synonyms. Advanced Boolean, truncation, wildcard, and phrasal searching will also be covered.

UNIT 4: Map the information landscape. (06 hours)

In this module you will employ the search strategies you have developed in module three and search relevant information sources (databases, organizational websites, government repositories, and alternative platforms) using advanced database search tools such as controlled vocabulary, cited references, and bibliography mining. You will use the citation management tool of your choice from module two.

UNIT 5 : Final Project (06 hours)

This is the culmination where you will work on crafting a research topic/argument and develop three points that support your argument from the research you do using the Internet, Google Scholar, and databases available to you through your local library or public university/college.

Subject- Request letter for conducting Certificate Course on
Information Literacy

Respected Madam,

The Department of Library and Information Centre intends to offer a Certificate Course for the 2023–2024 academic years. The course's goal is to increase student community understanding of information sources and the use of digital information. The student community is finding it challenging to obtain correct information for their academic and professional development as a result of the explosion of information.

The planned Certificate Course in Information Literacy follows a syllabus developed by the Department of Library and Information Centre. The department will establish the subject expert committee as the Board of Studies after the authority has given its approval. Please examine the request and take the appropriate action.

Thank you

To,
The Principal,

Subject- Requesting to grant permission to Organize Certificate Course in Women's Safety and Security in Present and Future for students.

Respected Madam,

I am writing this letter connecting a proposal from the department of sociology of degree section across various streams, with regard to 30 days of certificate course.

Safety and Security in Communities are crucial for development but now communities are affected by violence and insecurity. It hinders the socio-economic and educational progress. In order to promote development it is important to address threats and vulnerabilities that people and our students face in their every day life.

I have a strong belief that this certificate course will help to bring awareness about the Safety and Security majors.

So kindly consider this proposal for the certificate course. Hope you will do the need full.

To,
The Principal,

Subject- Requesting to grant permission to Organize Certificate Course in

Respected Madam,

Am writing this letter connecting a proposal from the department of sociology in association with women empowerment cell for the girl students of degree section across various streams, with regard to 15 days certificate course in the area of different types of silk thread bangles, silk thread nickels, silk thread sari khuch wall hanging etc.

The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates. Kindly consider this proposal for your due consideration, Hope you will do the needful.

Thank you Madam

SEWING TECHNOLOGY CERTIFICATE COURSE

Request letter from the Principal for certificate course for the year 2023-24

From,

The HOD,

Shri Shankar Arts and Commerce College,
Navalgund.

To,

The Principal,
Shri Shankar Arts and Commerce College,
Navalgund.

Subject- Requesting to grant permission to Organize Certificate Course in Sewing Technology for girls students.

Respected Madam,

Am writing this letter connecting a proposal from the department of sociology in association with women empowerment cell for the girl students of degree section across various streams, with regard to 15 days certificate course.

The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates. Kindly consider this proposal for your due consideration, Hope you will do the needful.

Thank you Madam

SEWING TECHNOLOGY CERTIFICATE COURSE

REPORT

The Department of Sociology in coordination with women Empowerment cell organised fifteen days certificate course in sewing technology. The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates.

The workshop was organised with a view to understand the concept of empowerment. In this certificate course more than 30 girl students have actively participate and gained knowledge in different field of Sewing Technology.

GENDER SENSITIZATION CERTIFICATE COURSE

From,
The HOD,
Department of Sociology,
Shri Shankar Arts and Commerce College,
Navalgund.

To,
The Principal,
Shri Shankar Arts and Commerce College,
Navalgund.

Subject- Requesting to grant permission to Organize Certificate Course in Gender Sensitization for students.

Respected Madam,

I am writing this letter connecting a proposal from the department of sociology of degree section across various streams, with regard to 30 days of certificate course.

The reason for choosing this particular subject/matter that/gender sensitive programme recognises that women's role is as important as men's in addressing environmental and development issues. It is process of making people aware of gender equality or the lack of to the need to eliminate gender discrimination.

I have a strong belief that this certificate course will help to bring awareness about the importance of equality and further they will rise their voice against inequality, harassment in the society.

So kindly consider this proposal for the certificate course. Hope you will do the need full.

Respected Madam,

Am writing this letter connecting a proposal from the department of sociology in association with women empowerment cell for the girl students of degree section across various streams, with regard to 30 days certificate course in the area of different types of silk thread bangles, silk thread nickels, silk thread sari khuch wall hanging etc.

The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates. Kindly consider this proposal for your due consideration, Hope you will do the needful.

To,

Subject- Requesting to grant permission to Organize Certificate Course in Sewing Technology for girls students.

Respected Madam,

Am writing this letter connecting a proposal from the department of sociology in association with women empowerment cell for the girl students of degree section across various streams, with regard to 15 days certificate course in the area of different types of doll making, wall hanging, kucha work for sari etc.

The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates. Kindly consider this proposal for your due consideration, Hope you will do the needful.

Thank you Madam

SEWING TECHNOLOGY CERTIFICATE COURSE

REPORT

The Department of Sociology in coordination with women Empowerment cell organised fifteen days certificate course in sewing technology. The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates.

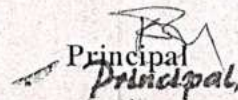

The workshop was organised with a view to understand the concept of empowerment. In this certificate course more than 37 girl students have actively participate and gained knowledge in different field of Sewing Technology.

SEWING TECHNOLOGY CERTIFICATE COURSE

Request letter from the Principal for certificate course for the year 2019-20

From,
The HOD,
Department of Sociology,
Shri Shankar Arts and Commerce College,
Navalgund.

To,
The Principal,
Shri Shankar Arts and Commerce College,
Navalgund.

Subject- Requesting to grant permission to Organize Certificate Course in Sewing Technology for girls students.

Respected Madam,

Am writing this letter connecting a proposal from the department of sociology in association with women empowerment cell for the girl students of degree section across various streams, with regard to 15 days certificate course in the area of different types of doll making, wall hanging, kucha work for sari etc.

The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The idea is to make them feel confident on earning apart from their routine studies. I have a strong gut that, this certificate course will benefit most of our interested women candidates. Kindly consider this proposal for your due consideration, Hope you will do the needful.

Thank you Madam

SEWING TECHNOLOGY CERTIFICATE COURSE

REPORT

The Department of Sociology in coordination with women Empowerment cell organised fifteen days certificate course in sewing technology. The reason for choosing this particular area for the purpose of certificate of the students is to economically empower them from within the confines of their homes with not much of an initial investment since most of our students come from not so privileged backgrounds. The workshop was organised with a view to understand the concept of empowerment. In this certificate course more than 20 girl students have actively participate and gained knowledge in different field of Sewing Technology.
